

The 2026 Hoka Hey Motorcycle Challenge is being developed. Each event can be an education for the riders and can also be an education for the Board of Directors. Each year there is a need to review and update as needed our documents used to control the buisness as well as how we interact with the riders and how the riders can interact with us. Documents listed below are under review for the 2026 Challenge. Once updated and approved they will be provided.

Hoka Hey Challenge Terms and Conditions
